To Whom It May Concern:

It is my pleasure to be writing this letter of recommendation for Mr. Jean-philippe Berger, Photographer, who shot and assisted me during one of past projects .

Mr. Berger is an exceptionally talented and unique artist who was an absolute dream to work with. He is 150% reliable, patient, humble, considerate, resourceful, incredibly hardworking, and stays positive and amiable no matter what happens. He is also an excellent communicator and troubleshooter with a wonderfully charming sense of humor, which makes him delightful to be around.

Berger's resourcefulness and ability to learn mythologies quickly allowed plenty of room for artistic freedom was a great way to work, and we fell into sync almost instantly as if we had been working together for years. He has a natural gift for understand the creative vision as it was given to him and able to translate that into his own skill set.

Furthermore, Berger efficiently managed his camera while maintaining a very friendly and easy atmosphere, which trickled down to creating a great energy for the entire 2 month shoot.

I am certain that he will be an indelible asset to any production, and recommend him without reservation.

I would be more than happy to elaborate or answer any specific questions about Mr. Berger, so please do not hesitate to contact me.

Thank you.

Cheers,
Jason Flakes
